Dear Mr. Feraday,

We value the services that Ontario's Massage Therapists provide to help injured Ontarians recover and return to work after a workplace injury or illness.

Fee for service visit rates are revised regularly to keep pace with CPI. In 2024, a **4.4% increase** to these professions' service codes will be applied.

Fee schedules and billing information will be updated on our [website](#) mid-January. Please note that all services up to and including December 31, 2023 should be billed under the current service fees. The new fees apply to services delivered on or after January 1, 2024.

Please feel free to share this information with your members.

Sincerely,

Jessie Farran
Director, Health Services
